## Museum MEOL Ovar, Portugal

### PRODUCTS USED: Expona Flow PUR

Concrete effect Expona Flow vinyl flooring was installed throughout Museum MEOL in Ovar, Portugal.

Approximately 565m<sup>2</sup> of Expona Flow in the Light Grey Concrete design was in various areas around the museum - including gallery space, corridors, staircases and bathrooms.

Available in a 2 metre wide format with a 2mm gauge, Expona Flow PUR flooring includes 50 high performance wood, stone and abstract designs. Ideal for a range of heavy commercial environments, Expona Flow PUR is enhanced with Polyflor's robust polyurethane reinforcement which is cross linked and UV cured for a simple polish-free maintenance regime and superior cleaning benefits.
