## The Counter Glasgow, UK

**PRODUCTS USED:**  
**Silentflor PUR**

Silentflor vinyl sheet flooring from Polyflor's collection of acoustic floor coverings was chosen for the interior design scheme of a brand new burger restaurant, The Counter Custom Burgers at The Quay in Glasgow.

The Counter is a Los Angeles based burger restaurant franchise and Glasgow is its first location in the UK, offering a new burger experience to customers with a choice of over 80 ingredients to build your own custom burger.

Approximately 220m<sup>2</sup> of heavy commercial Silentflor flooring in Light Industrial Concrete was fitted in the front of house areas of the restaurant which can seat up to 100 covers. Another 100m<sup>2</sup> of Polysafe Standard safety flooring with sustainable slip resistance was also used for the back of house kitchen and staff zones.

Tyne & Wear based Restaurant Design Associates Ltd created the California inspired design scheme and implemented the restaurant fit out, with the flooring installed by Johnson Wright Flooring Ltd.

Nick Bradley, Director at Restaurant Design Associations Ltd commented, "Our aim was to reflect US restaurant culture and LA style at The Counter. We loved the on-trend Light Industrial Concrete flooring from the Silentflor collection with design features such as cracks and marks for an authentic concrete effect."
