## Paper Moon Day Nursery Nottinghamshire, UK

### PRODUCTS USED: Polysafe Wood fx PUR

Polyflor's Polysafe Wood fx PUR vinyl safety flooring was chosen to help create a safe, child-friendly environment at the Paper Moon Day Nursery in Woodbeck, Nottinghamshire.

The grey toned Silver Oak design from the Polysafe Wood fx PUR collection of sheet vinyl flooring was installed by Clinton Carpets flooring contractors of Retford in the playroom areas of the new nursery.

Alison Hill from Paper Moon Day Nursery commented, *"We chose Polysafe Wood fx as we needed a practical, hard wearing and slip resistant floorcovering that also looked attractive to help us create a safe environment that the children will enjoy playing and learning in. The fact that it is easy to clean is also a massive bonus for us in terms of the everyday running of the nursery. This flooring has also been installed in a number of our other Paper Moon nurseries across Nottinghamshire and Lincolnshire."*

Polysafe Wood fx is a decorative safety floorcovering available in twelve authentic wood effect designs with in-built sustainable wet slip resistance to reduce the risk of slipping in commercial or residential areas. The vinyl includes virtually invisible aggregates through the performance layer which provide traction and ensure underfoot safety without compromising the high clarity look of the floor. The product is fully HSE Compliant and classified as low slip potential, achieving 36+ on the Pendulum Wet Test and a surface roughness of 20 microns+, fully conforming to the European Safety Flooring Standard EN 13845.
