CLEANING & MAINTENANCE

Protecting your floor:

All our luxury vinyl sheet collections have a polyurethane reinforcement (PUR) to protect against everyday wear, however, to minimise the chances of your flooring becoming damaged we do recommend the following floor care guidelines:

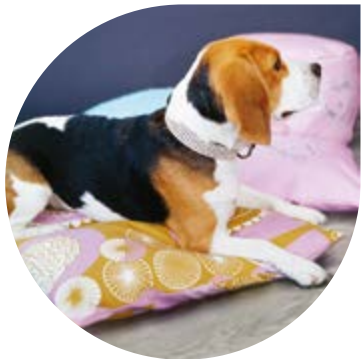

- ✓ Use protective cups under heavy furniture to prevent indentation.
- ✓ Fit protective pads to all furniture legs to prevent scratches when moved across the floor.

- ✓ Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.

- ✓ Install barrier mats at all entrances to pick up grit and moisture (Note, some rubber-backed mats may discolour the floor).

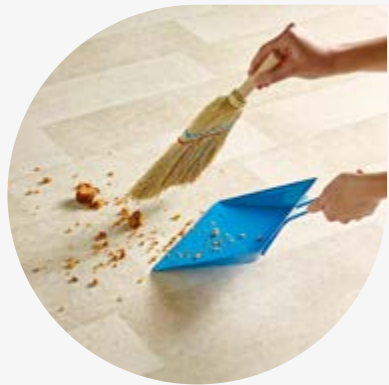

- ✓ Regularly trim pets claws as these can cause fine scratches.

So you can continue to enjoy your Luxury Vinyl Sheet floor covering for years to come, a regular cleaning regime is required to help keep it looking as new. Regular cleaning is more beneficial to the floor covering and more cost effective than occasional heavy cleaning.

Day to day cleaning:

- ✓ Sweep or vacuum your floor to remove any dust and loose dirt.
- ✓ Mop with a neutral cleanser to remove any stubborn marks, rinse with clean water and allow to dry.

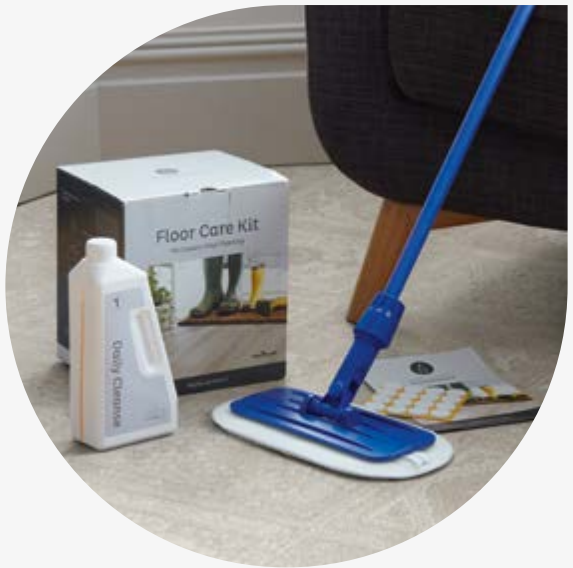

Maintaining your floor:

For recommended products for use with luxury vinyl sheet floor coverings visit www.polyflor.com. Ensure all cleaners and detergents are diluted as per the manufacturer's instructions.

We highly recommend you use the Polyflor at Home Floor Care Kit to maintain your luxury vinyl sheet floor covering. You can find out more information and order your Floor Care Kit from your retailer.
